What is Comfort Cuisine?

It's the food enjoyed with family and friends at summer backyard BBQ's, Grandma's home cooking, and personal favorites made even better with a saucy twist. It's the food we want again and again because of how it makes us feel.

DISH Comfort Cuisine is brine-cured pork chops, pot pies bubbling under a biscuit top, slow roasted BBQ pork that melts in your mouth, velvety Mac 'n cheese, hand-formed hamburgers and truly crispy house-cut French fries. Stocks, sauces and salad dressings made from scratch make our food sing.

DISH is a natural evolution of the Carte Blanche Soup Cart, a fixture on the U of O Campus since 1998. Today the Soup Cart repertoire includes over 80 varieties of original, handcrafted soup.

Welcome to DISH. Get comfortable, and tuck in to a great plate of food!
